How long we keep our data for

Your data will be stored for the duration of your licence/tenancy. After you cease your agreement we will take the following approach:

Your tenant file will be retained for 6 years

If you have outstanding debts or disputes with University regarding the agreement, we will retain your data as appropriate to recovering the debts or resolving the disputes

We will retain other data collected on you for appropriate periods based on risk and necessity

Sharing our data with third parties

To fulfil our services defined above we will need, where appropriate, to share relevant data with third parties. By signing your tenancy agreement you are authorising the University to share data with the following, as appropriate:

the college or university you are registered with
